

Urges Middle East Conference

RANDOM NOTES — Our fellow columnist, E.A.H., believes in devoting his full attention to the ailment at hand. As he said yesterday, hay fever is taking his full attention these days.

But state and local public health officials (Non-hay fever sufferers, we hope) are urging communities throughout the state to develop plans to prevent a possible epidemic of Asian influenza this fall.

They suggest cooperative planning of medical, public health and municipal officials to combat the possible outbreak which could cripple community life if hundreds, or thousands, were stricken at one time.

Dr. Roland R. Cross, state health director, suggests the following priority groups to receive flu vaccine, which is in limited supply and is not controlled by the government:

1. All hospital and nursing home personnel, physicians, nurses, pharmacists and public health personnel.
2. Pregnant women and infants.
3. Patients with chronic diseases of heart and lungs, diabetics, etc.
4. Essential personnel groups — school teachers, firemen, policemen, transportation, communication and public utility workers.
5. Persons over 50 years of age.
6. All others as vaccine becomes available.

"It takes about 10 to 15 days after vaccination for immunity to be built up to an effective level," Dr. Cross says, "and we cannot wait until the influenza is with us before we start a vaccination program."

Sad news for Spring Valley: The Soreng division plant of Controls Company of America has announced it will close its Spring Valley plant soon. Part of the trouble was excess plant capacity. The company, which employs 350 in the plant, will try to find another manufacturing concern to take over the plant.

Several months ago Freeport indicated it will stage a large observance of the centennial of the Lincoln-Douglas debates next year. Ottawa now has announced plans for a similar event. The Ottawa American Legion has agreed to organize the celebration, a seven-day event to be held in the week of the debate anniversary, Aug. 21. The LaSalle County Historical Society and other organizations have offered their help in conducting the observance.

Typhoon Heads Towards Japan

TOKYO (P) — Typhoon Bess hurtled toward southern Japan with renewed fury today as U. S. Air Force weather men warned Tokyo to brace for 90-mile-per-hour winds Saturday. The storm was on the southern tip of Japan, late today.

Quell Uprising In Cuban Port Batista Says Prio Is Plotter Behind Revolt

HAVANA (P)—President Fulgencio Batista's government said today it had smashed an uprising of rebels and naval and maritime police dissidents in south central Cuba. It put total casualties at about 75.

A high command announcement said 40 to 50 rebels were killed or wounded. It reported government losses at 12 killed and 13 wounded. The command accused former President, Carlos Prio Socarras, of masterminding Thursday's day-long revolt in Cienfuegos, 150 miles southeast of Havana.

Prio was ousted by President Fulgencio Batista in 1952 and took refuge in Miami, Fla. He has repeatedly denied government charges of plotting against Batista.

The government poured in planes, tanks and troops after 400 rebels seized police headquarters in downtown Cienfuegos and threatened to take control over the port city of 52,000. Planes dropped bombs. Troops attacked police headquarters with heavy machineguns and small arms. The rebels were driven from the building and survivors scattered into the nearby hills.

The high command announcement was issued by Maj. Gen. Francisco Tabernilla, army chief of staff, Adm. Jose Rodriguez Calderon, navy commander, and Brig. Gen. Hernandez Hernandez, the national police chief. They issued the statement just after dawn after a long conference at nearby Camp Columbia with President Batista. The statement said revolution-

aries disguised in Cuban navy sailors' uniforms first attacked Cienfuegos naval post early Thursday "murdering several members of the naval post while they were sleeping."

The statement said the attackers were dislodged in bloody fighting and fled into national police headquarters, which other rebels had captured. Admitting a "bloody battle," took place, the statement said the uprising was crushed "after the violent action of the army with the cooperation of the navy and police."

"We have to deplore the casualties caused by the criminal persistence of Prio and his accomplices which has provoked this senseless bloodshed by using great sums of money and in deceiving the people," the statement said.

The command said all rebel resistance in Cienfuegos has been liquidated and order re-established. It said complete calm prevailed elsewhere in the nation. Telephone reports from Cienfuegos said all business places reopened this morning and all transportation and public services were resumed.

No Superstitions; Gaming Case Set for Friday the 13th

A judge, two lawyers and a defendant, none of whom is superstitious, this morning agreed to a continuance until Friday, Sept. 13, of the case of tavern operator Lloyd Williamson, 41, 316 First St., charged with gaming in a tavern. Williamson was arrested after a police raid on a book-making room in the basement of his tavern, Lloyd's Tap, 316 First St., Aug. 16. Police arrested six horseplayers, who were fined on disorderly conduct charges, and Donald P. McIntyre, 42, 1524 Second St., who is charged with book-making.

Thursday County Judge Grover W. Gehant granted McIntyre a change of venue, and his case will be heard here Sept. 17 by Stephenson County Judge Wesley A. Eberle, Freeport.

Williamson faces a possible \$100 fine and a year's revocation of his state liquor license if found guilty. His city license was suspended Aug. 27 by Mayor Joseph E. Vaile. Dixon liquor commissioner, for 30 days.

This morning Atty. George Ray, Dixon, appeared as Williamson's lawyer and asked Gehant for a con-

tinuance so that he could familiarize himself with the case. State's Attorney James E. Bales, who filed the information against Williamson, agreed to the continuance. "I will continue it until 10 o'clock, Friday, the Thirteenth," said Judge Gehant. "Uh," said Ray. "A lot of good things happen on Friday the Thirteenth," said the judge. "What?" Bales wanted to know. "Well," asked Gehant, "you aren't superstitious, are you?" "No," Bales replied. "I'm not superstitious," said Ray. "Are you?" he asked Williamson. "No," answered Williamson. Gehant continued the hearing until 10 a.m. Friday, Sept. 13.

School Board Asks Court To Postpone Integration

Little Rock Legal Crisis In Deadlock

Ike to Interrupt Newport Vacation To Meet Brownell

LITTLE ROCK, Ark. (P)—The future of Little Rock's smoldering integration crisis appeared today to be in the hands of a federal judge as heavily armed National Guardsmen still ringed Central High School.

A momentary lull developed Thursday in the battle over racial mixing. The Little Rock School Board offered the possibility of a temporary solution by asking federal Judge Ronald N. Davies to follow an indefinite legal postponement of integration.

Judge Davies will hear the school board's petition at 10 a.m. Saturday. Twice within a week he has ordered immediate racial mixing.

Gov. Orval Faubus, who ordered out the troops last Tuesday to keep nine Negro students from entering the high school, Thursday got President Eisenhower's answer to an appeal for intervention in the clash of federal and state authority.

Eisenhower told Faubus that he would use all legal means at his command to uphold the federal Constitution.

The President will interrupt his vacation at Newport, R. I., to return to Washington Saturday for a conference with Atty. Gen. Brownell.

Faubus has not been seen publicly since he held a news conference Wednesday morning and an aide said Thursday night that the governor's whereabouts were unknown. But the aide released a statement from the governor which said he was getting almost unanimous support from every section of Arkansas.

The governor wired Eisenhower Wednesday that he had information that federal agents in Little Rock had discussed the possibility of taking him into custody, and said he suspected federal men of tapping his telephone lines.

Faubus asked the President for cooperation in trying to settle the crisis peacefully.

The governor contends that he (Continued on Page 6)

CO Testifies on Girard's Orders Says No Weapon Firing Authorized for Guards

MAEBASHI, Japan (P)—William S. Girard had no authorization to fire at anyone the day he is accused of fatally shooting a woman metal scavenger, a statement by his commanding officer said today.

The deposition from Lt. Billy Mohon of Comyn, Tex., read in a Japanese court, said Girard and another soldier were ordered to keep everyone away from a machinegun on a firing range near Maebashi.

Asked if he had given orders to keep scrap metal collectors away by firing rifles, Mohon answered: "Definitely not."

Other statements read by the Japanese prosecutor quoted scrap metal collectors as saying they frequently were chased away from firing ranges by American soldiers firing empty cartridge casings.

"I was chased away very often," said a statement by Noboru Matsuzawa. "Sometimes they fired, using blank ammunition. Sometimes they used empty cartridge cases, aiming at our feet to scare us."

The statements were read on the second day of Girard's trial before three Japanese judges. He is accused of shooting Mrs. Naka Sakai, 46, in the back with an empty cartridge case last Jan. 30.

On Guard Duty Girard's defense is that he was carrying out orders while on guard duty. An Army truck driver, Girard was temporarily under Mohon's command.

The manslaughter trial opened Aug. 26 and was recessed until today. Sessions Saturday and Sunday on the hillside firing range where Mrs. Sakai was killed were postponed because of a typhoon moving up the coast. The sessions were reset for next Thursday, Friday and Saturday.

A drizzling rain fell today and the area around the courthouse, jammed when the trial opened 11 days ago, was almost deserted.

Ticket scalpers who had stood in line most of the night to get spectator passes tried in vain to sell them at cut rates. A U. S. Army rifle and grenade launcher were brought into the courtroom.

"Did you use this rifle the day of the unfortunate incident?" asked presiding Judge Yuzo Kawachi.

"Yes, sir," Girard answered. The prosecution also introduced,

with consent of defense attorney Itsuro Hyashi, the torn clothing worn by Mrs. Sakai and some empty cartridge cases.

The prosecutor then read statements from American soldiers and Japanese he plans to call as witnesses. This procedure is used in Japanese courts so the court can schedule the evidence to be presented.

ISFL Rejects Limitation On Delegates

CHICAGO (P)—A proposal to limit the number of delegates a local may send to the state AFL convention has been rejected by the Illinois State Federation of Labor convention.

The proposal was made by delegates from Machinist locals in the East St. Louis-Alton area Thursday.

The machinists' locals had asked that the convention approve a constitutional amendment limiting the number of delegates from locals with more than 500 membership.

Present Rules

Under present rules, locals send one delegate for each 100 members with no limit on the number of delegates. The rejected amendment would have allowed locals to send only one delegate for each additional 500 members after the first 500.

Herbert Mayenburg, an Alton delegate, said small locals do not have funds to send their full quota of delegates.

"We don't have the size treasuries a lot of you do," he said. "And under the present arrangement any local with upwards of 2,000 members can move into a convention and throw things their way."

Term of Office

The convention also rejected a proposal by the same group of locals for an amendment limiting the term of state officers to three years. The present constitution allowed officers a four-year term. Both motions were defeated by more than two-thirds of the 2,000 delegates.

Salary raises were approved by the convention for Reuben G. Soderstrom, ISFL president, and Stanley L. Johnson, secretary. Both were hiked from \$18,000 annually to \$19,750.

The ISFL also voted to hold its 1958 convention in Peoria, Oct. 5-10.

The delegates turned down constitution revisions which would have junked the membership referendum system of choosing state officers for election by convention delegates, and increase the executive board membership from 9 to 21.

Under the referendum system, endorsement of a candidate by five local unions can get him on the ballot. This system has been used since 1914.

Expect Teamsters Union to Be Kicked Out of AFL-CIO

WASHINGTON (P)—Some leaders of the Teamsters Union expect their organization to be kicked out of the AFL-CIO on corruption charges.

Thomas L. Hickey of New York, a Teamsters vice president, said after an AFL-CIO hearing on the charges Thursday that "I think they'll put us out." Several other Teamsters chiefs privately shared that view.

But some highly placed AFL-CIO officials said they were not so sure of a Teamsters ouster. These chiefs held hopes, despite little firm evidence, that the Teamsters will adopt substantial reforms at their Sept. 30 convention in Miami.

As Things Stand They said as things stand now, the federation's Ethical Practices Committee and its Executive Council will convict the Teamsters on charges of being corruptly dominated.

Teamsters leaders told the AFL-CIO officials they intended to submit all corruption charges against the union to their Miami convention. They also said they would propose revising Teamsters rules to give members a greater voice in running the union.

There was nothing specific in the promise, however, and the Teamsters restated a policy, con-

Last Appeal

The Teamsters also refused to consider punishing any union official under criminal charges until his last avenue of appeal had been exhausted. Even then, they said, any action would be up to a Teamsters convention.

The charges that the Teamsters are corruptly dominated stem from Senate Rackets Committee disclosures involving retiring Teamsters President Dave Beck and James R. Hoffa, now Midwest Teamsters boss and the leading candidate to succeed Beck.

Beck has been charged with misusing vast sums of Teamsters funds. He is under indictment on federal income tax evasion charges. Hoffa has been charged by racketeers with accepting favors from employers and associating with known hoodlums and racketeers.

Mansfield Wants UN Controls

US Speeds Weapons To Four Countries Bordering Syria

WASHINGTON (P)—Sen. Mansfield (D-Mont.) today urged the Eisenhower administration to consider an immediate conference with Saudi Arabia and Egypt to study ways "to preserve Arab nationalism from further Soviet aggression."

Mansfield, a member of the Senate Foreign Relations Committee, coupled this proposal with a suggestion that the United States ask the United Nations General Assembly to set up international controls over arms shipments to the Middle East. The Assembly is to convene in New York next week.

The senator advanced his proposals in an interview as the United States pushed arrangements to speed defensive weapons to four nations bordering pro-Soviet Syria.

Officials said the decision to speed up deliveries of previously promised arms to Jordan, Lebanon, Turkey and Iraq was made in part to symbolize American determination to support those nations against any aggression, subversion or other pressures from Syria.

The governments of Lebanon and Jordan, both strongly pro-Western, were described here as feeling themselves under heavy political pressures because of the Syrian crisis.

In the case of Jordan, an airlift will begin operating, perhaps next week, to deliver mobile weapons — presumably such things as light artillery and machine guns.

Disclosure of the decision to hasten weapons deliveries to the four nations came as the State Department announced that Secretary Dulles will make a personal report on the Syrian situation to President Eisenhower.

Eisenhower will fly back to Washington Saturday from Newport, R.I., where he began a vacation only a few days ago. The President will return to Newport after conferring with Dulles and other administration officials.

The statement announcing the Eisenhower-Dulles conference said Dulles had received a first-hand report from Loy W. Henderson, deputy under secretary of state, who returned Wednesday from a two-week flying visit to the Middle East. During this trip, Henderson conferred with leaders of Turkey, Iran, Jordan and Lebanon.

Deep Concern Henderson, the statement said, "found deep concern lest Syria should become a victim of international communism and as such become a base for further threatening the independence and integrity of the region."

Mansfield said the speedup in delivery of U. S. arms to Jordan, Lebanon, Turkey and Iraq, may hold back aggression by Syria "and perhaps allow dissident elements in that country to re-establish order on a reasonable basis."

The senator, assistant Democratic floor leader, also said: "Perhaps, in addition to what is contemplated, it might be well for the United States to weigh the possibility of a conference with King Saud of Saudi Arabia and President Nasser of Egypt to consider additional ways to preserve (Continued on Page 6)

Attend the Church of Your Faith Regularly

THE WORK BENCHES OF GOD

Christians are not turned out on assembly lines.

The skill and patience of many a human soul, the blueprint of Christ's own example, and the unseen but mighty craftsmanship of the Creator Himself—these over the decades bring forth a noble Christian life.

There must be understanding, guidance, faith. There must be a Christian home with sincere, loving parents. There must be prayer, the Bible, worship, thought, study. And at length practice and persistence must win many a victory over self before the world begins to recognize the hand of God in the life of a man.

Nearby in the church you will choose, there are busy hands at the work benches of God.

And room for more—your child's and your own!

THE CHURCH FOR ALL . . . ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

A Retreat From Crises

Many times nowadays we read or hear that we are in an age of blandness, marked by a lack of action and excitement and by the mildness of people's reactions to issues and events.

There doesn't seem to be much doubt that it's true.

In spite of talk of the dangers of nuclear fall-out, Russian claims in the intercontinental missile field, Communist gains in the Middle East and some other discouragements abroad, we are all pretty calm and cool.

Nothing having to do with the vital matter of war and peace appears to stir us greatly at this moment.

The same evidently holds for things on the domestic front. Civil rights here and there arouses some citizens, but not really a lot. Few seem worried over the mixed trends shown by the economy, for general levels are still very high. Internal communism, once the focus of bitter controversy, is little mentioned.

Some who keep hammering about our bland mood plainly believe it is a bad condition for America to be in. They want us to act, to do battle, to generate excitement, to feel deeply about ideas and happenings.

There is, of course, no conclusive evidence—nor is there likely to be—that Americans do not feel deeply about the basic things that govern their lives.

But quite a few would argue that it is not bad, and may be quite inevitable, that we should be floating along these days in a kind of neutral gear.

We had a steady diet of excitement for more than two decades—the 1929 crash, the Great Depression, World War II, the turmoils of postwar readjustment, the Cold War, the Korean conflict. Is it so odd that people should seek a retreat after that?

In our personal lives we know that we cannot sustain either mental or emotional peaks indefinitely. It is too taxing. Why should it be different in our group national life?

Americans will be aroused again, when there is need to be. But meantime they are behaving as quite normal human beings when they seek out a belt of calms after so many years of stormy seas.

To some liberal citizens and politicians, the present mood of the people is infuriating and frustrating. They want action, vigorous programs, conflict, excitement.

They might consider that 35,500,000 Americans may have voted for President Eisenhower in 1956 partly because his first term seemed to promise a second four years of government almost exactly tailored to their mood.

In other words, they may have gotten just what they wanted. And who is to say that, in a democracy, that is bad?

Book Reviews

By THE ASSOCIATED PRESS

REVOLUTION AND ROSES. By P. H. Nemby. Knopf.

While General Nagueib is ousting King Farouk and the world's solemn business, little revolution, is carried on, little people are tossed around willfully in the wash of the big sweeping events.

Here for instance is a jolly irresponsible crew — Eric Blainey, who lives in Alexandria, her impractical Greek father, and her mother, Tim, Eric's young brother out for a tourist's view of Egypt; his shipboard friend, Elaine, who steal ashore in the hope a journalistic scoop may promote her from a minor desk job to foreign correspondent; and Lieut. Yehia, as handsome an Arab and man as Elaine has looked at, though Elaine has practically never ceased looking.

It is Yehia's sworn duty to arrest Elaine, who hasn't even a visa, and arrest also her friends who abetted her in this illegal entry into his land; in these people have no respect for the laws of modern Egypt? But instead he brings her roses and they have adventures almost as curious and unpredictable as those of the people.

All the way through this novel you feel you're just around the corner from the deadly gunfire of the revolutionaries. But at the same time you move through an unreal world of make-believe in which you can't be sure where Egypt stops and Newby begins.

Lately we have not held that indulgent attitude toward Egypt which would prepare us to enjoy a comedy about Egyptians, but these are people first, full of entertaining inconsistencies, irrelevances and ineptness, and successes in spite of all. You might cavil at Egyptians, but these are the usual delightful Newbys.

Duke Grid Squad to Scrimmage Saturday

Local Fans Are Invited To Attend

Dixon Team Divided Into Purple, White Units for Workout

Dixon High School varsity football coach Bob Cunz will unveil the 1957 edition of the Dukes at a special, game-condition scrimmage at the DHS field, 7 p.m., tomorrow night. A short rules clinic will precede the scrimmage and players and coaches will be introduced. The public is cordially invited to attend.

Cunz has divided his squad into Purple (first team) and White (second team) groups for the contest. The scrimmage will give Dixon fans an opportunity to preview Dixon's use of the T formation—the major change in grid plans this year. For the past several years, the Dukes have run chiefly from the single wing.

Starting for the Purples will be Doug Bybee, transfer from Am-

VETERAN STRENGTH—An all-letterman squad lines up at Forreston practice. Across the front line, left to right, are Keith Prasse, Jerry Daws, Larry Simmons, Paul Dale and Don Buttel. Backs include Johnny Akins, Butch Drake and Laverne Stamm.

SEASON TICKETS

Season football tickets for four Dixon High School football games will be on sale at the gymnasium box office from 7:30 p.m., Sept. 11-12. The cost is \$3. A total of 480 are available with all located between the 15 and 40 yard line.

Ticket director Bill Zinnen notes that a new numbering system has been installed and a chart will be available for purchasers to locate their seats. Home games are Freeport (Sept. 20), Ottawa (Oct. 4), Hall Twp. (Oct. 18) and Rock Falls (Oct. 25).

boy, and Bill Guthrie, a converted halfback, at the ends; 1956 regulars George Adams and Gene Keller at the tackles; Jim Salzman and Tom Grove at guards and junior Bob Rowe at center. Bybee is the only other junior in the first team's line.

Purple Backs

In the backfield, Dave Adler will open at quarterback with Chico Contreras and Bob Varga at the halfbacks and Chuck Brainerd at fullback. Contreras, Brainerd, Keller, Adams and Grove won letters in 1956.

Letterman Bob McDowell will start at right end for the Whites with Neal Buckaloo and Paul Sereg sharing the other end post. Tackles for the second team will be juniors Kirby Holland and Dick Martin, with Ron Fane, Ed Ortgiesen and Jim Palmer working at the guard posts. Senior center Rog Trotter rounds out the line.

Senior Maurice Fieley or junior Charles Bruce will be the White squad's quarterback with senior Denny Kline and junior Dave Shank at the halfbacks and junior Dick Stahl at fullback.

The scrimmage will consist of four 15-minute quarters. The only deviation from normal game procedure is that no kickoffs will be employed.

Hank Henry, George Covert, Stan Williams and Dean Harrison will officiate the contest. After introduction of the players and coaches, the four officials will demonstrate the basic fouls to both the audience and team members.

23 DHS Harriers Report to Coach

Dixon High School cross-country coach George Henderson welcomed 23 candidates this week, including six varsity and two frosh-soph letter winners, as the Duke harriers started to get in shape for the season opener with Sterling on Sept. 19.

Heading the veteran contingent is captain Bob Swaney, the only senior on the team. Juniors who won varsity letters as sophs include Rog Conant, Dave Wilson, Dave Ames, John Lowe and Ray Middleton. Also available are minor lettermen Larry Black and Bob Hargrave, both juniors.

Other candidates for the Duke team include seniors Dave Knouse and Bill Hubbell; juniors John Hoffman, Stu Keeley, Charles Scriven, Joe Culley and Dave Tagge; sophs Phil Keeley, Ken Ritterspach, Russ Brown, Dick Burner, Dwight Toland and Phil Hey; and freshmen Joe Rock and Chill Fichter.

Seven Dual Meets

The Dixon squad has seven dual meets on the schedule, plus one triangular, the conference meet, district meet and the Sterling Invitational. All home meets will be held at Plum Hollow Golf Club and will start at 4:30 p.m. Competition will be held at both varsity and

Forreston Squad Boasts 13 Returning Letter Winners

(This is the seventh in a series of 12 articles dealing with the problems and prospects of area high school football teams. Tomorrow: Polo.)

By DAVE NIGHTINGALE
Telegraph Sports Editor

FORRESTON (Special)—Last year, Forreston High School football coach Bob Brinkmeier hinted that his team might be a "dark horse" in the Route 72 race. The Cards finished well, but not too high in the pack. This year, however, with 13 lettermen back, there's a horse of a different color in this Ogle Co. community.

"I guess we can be considered to be 'loaded' this year," Brinkmeier admits, "but I'm still very much afraid of Winnebago and Byron. Byron had a real good sophomore team last year and that bunch is on the varsity now. You can't count Stillman Valley out either, but they've lost a lot of boys. They won't be a pushover."

But the Cardinal coach is glowing with the idea of 13 lettermen returning to a team that plays eight-man football.

Returning to the line are ends Don Buttel (6-0 and 165), Keith Prasse (6-0 and 155) and Larry Simmons (5-10 and 160); guards Paul Dale (5-10 and 185), Jerry Daws (6-1 and 200) and Carroll Gillingham (6-0 and 160); and centers Marv Hayenga (6-0 and 190) and Ted Johnson (5-9 and 155).

Backfield Vets

In the backfield, Brinkmeier has veteran quarterback Butch Drake (6-5 and 190) and letterman halfbacks Laverne Stamm (5-7 and 145), Johnny Akins (5-6 and 135), Ralph Coffman (5-8 and 145) and Mike McDonald (5-10 and 165). Johnson, Coffman and McDonald are juniors, the rest seniors.

The starting offensive unit includes Buttel, Dale, Hayenga, Daws, Prasse, Drake, Stamm and Akins. On defense, Stamm and Prasse are ends, Hayenga and Daws are guards, Buttel and Drake are linebackers and Akins and Dale are safeties.

"I suppose using a guard as a safety man is kind of odd," the Cards' coach notes, "but he's our surest tackler and also will call defensive signals. He may back up the line, too."

"We're faster in the backfield this year and have a more versatile attack. The speed of Akins and Stamm will take some of the pressure off Drake. We relied a lot on his passing last year. And, of course, we have a good sized line up front to clear the way."

The Cards' starting offensive line averages 179, while the three middle men average out to a healthy 192 per man.

Fine Passer

"Drake is a real fine passer," Brinkmeier continues. "He had a 52 per cent completion average last year. And in our final game against Stillman, we gained minus seven yards by rushing, 242 by passing."

Loren Greenfield, a junior, and Jim Schoonhoven, a sophomore, back up Drake at quarterback, while 6-4, 190-pound guard Jim Walker and 5-10 and 150-pound end Tim Mathiot round out the second team.

"This is Walker's first year out," Brinkmeier says. "He transferred here from Orangeville after the start of last year's season. He'll letter for us this year, barring injury, and I wouldn't be a bit surprised if he made the first team."

Brinkmeier has 40 candidates out for football—five complete teams. He is assisted by Art Carpenter and Rusty Egan, the latter in his first year at Forreston. Egan handles the backfield in the Cardinal coaching setup. Carpenter the line and Brinkmeier the ends.

Other Candidates

Others who may see action for the Cards include soph Bob Folk, juniors Derald DeVries and Lowell Myers and senior Jerry Steinhagen. Steinhagen will be Forreston's place-kicker.

"We'll work basically off the straight T with some spread and unbalanced lines thrown in," Brinkmeier relates.

"The biggest factor in our favor this year is experience. We started football here two and a half years ago. Last year, our boys had to match one and a half years experience against three for other teams. This year, however, its two and a half against three and that isn't much difference."

The Forreston schedule: Sept. 13—Byron (N-C); Sept. 20—At Franklin Cntr. Sept. 27—Leaf River Oct. 4—At Byron Oct. 11—Ashton Oct. 19—At Winnebago Oct. 25—At Stillman Valley Nov. 1—Pecatonica

frosh-soph levels in all but the district and invitational affairs.

Henderson is optimistic about the team's chances. "We're not afraid of anyone except Rock Falls. They were strong last year and have just about everyone back. But if this isn't our year, next year will be. We only have one senior."

"We lost only Lyle Hardin and Bill Keeney, our Nos. 1 and 3 boys, by graduation. Our top four this year will be Swaney, Conant, Ames and Wilson, with Hargrave, Lowe, Middleton and Black battling for the No. 5 slot."

The Dixon schedule: Sept. 19—Sterling Oct. 1—At Mendota Oct. 3—Rochelle Oct. 8—West Rockford Oct. 10—At Sterling, Rock Falls Oct. 12—Sterling Invitational Oct. 15—At Princeton Oct. 19—NCIC Meet Oct. 22—At Streator Oct. 24—Rock Falls Oct. 26—District Meet

Grid Briefs: Two Purdue Vet Tackles On Sidelines

Spartans Proud of Punters; Four Illini Out of Scrimmage

CHICAGO (P)—Midwest football briefs:

Purdue—Both veteran junior tackles are on the sidelines—Nick Mumley with a bruised shoulder and Wayne Farmer who is recovering from a back operation this summer. Farmer is expected to report for the first time Monday.

Michigan State—Punting will be as good this season as the Spartans ever have had, coach Duffy Daugherty says. Among the top toe-men are Blanche Martin of River Rouge, Mich., and Bob Bercich, Summit, Ill.

Indiana—Sophomore tailback Vic Jones and junior fullback Chuck Kelly were singled out for praise after the Hoosiers' first full-scale scrimmage.

Wisconsin—Sydney Williams, starting quarterback last year, was tabbed as much improved by coach Milt Bruhn. "He's been thinking football all summer and is dead in earnest to do a good job," said the coach.

Illinois—Various ailments kept four players from taking part in the Illini's first scrimmage. Sidelined were end Dave Rewerts, center Ken Sutter, No. 2 center Bob Henderson and tackle Don Yeazel. Fullback Jack Delvaux suffered a dislocated thumb in the workout.

Northwestern—Quarterback Chip Holcomb, son of the Wildcats' athletic director, worked in the No. 1 position in an initial scrimmage. He hit backs Wilmer Fowler and Bob McKiever with long passes as the first team scored two touchdowns.

Ohio State—Don Fronk is the fourth center to be sidelined with injuries. Ed Brechl has taken over the job until one of the four recovers.

Michigan—Fullback John Herrmann and left end Gary Praht missed the second straight day of scrimmage with knee injuries. End Chuck Teuscher scored three times with passes, including a 50-yarder from halfback Fred Julian.

Minnesota—Billy Martin, a sophomore from Chicago, replaced Bob Solis as the No. 1 left halfback. Sophomore Jerry Shetler moved in as center on the first string.

Iowa—Fullback John Nocera, a Youngstown, Ohio, junior, burst through for long gains in a scrimmage. Quarterback Randy Duncan and halfbacks Bill Gravel and Mike Hagler rounded out the No. 1 backfield.

Notre Dame—Halfback Jim Just, who scored three touchdowns in Notre Dame's spring game, reported for action after a bout with the Asian flu.

Marquette—An hour-long scrimmage was held with at least six players out of 54 on the training roster absent with minor ailments.

Saxton Picked To Beat Joe Miceli Tonight

WASHINGTON (P)—Johnny Saxton of Brooklyn, who was welterweight champion a year ago, tonight faces one of the most crucial tests of his career when he takes on unranked Joe Miceli of New York.

Saxton, embarking on what he hopes is a climb back to the top, encounters Miceli in a 10-round bout at Capitol Arena. The fight will be carried nationally via television and radio (NBC, 9 p.m.).

Odds are 2-1 or 3-1 that Johnny will win his first match since Carmen Basilio, the current welter titleholder, finished him in two rounds last February.

Saxton was favored on the basis of his past championship and two decisions over Miceli several years ago.

The National Boxing Assn. lists Saxton as No. 5 contender for the crown that could be up for grabs if Basilio overcomes Sugar Ray Robinson in their middleweight title bout on Sept. 23.

Saxton, seldom an aggressor, stabbed his way to 34 victories en route to the welterweight championship he won twice. He took the title first from Kid Gavilan in 1954, lost it the next year to Tony DeMarco, regained it from Basilio after Carmen had beaten DeMarco, and then relinquished it to Basilio a year ago.

It was in a return match that Basilio flattened Johnny in two rounds.

Saxton has kayoed 21 opponents, lost 6 times and had 2 draws. Miceli has won 53 altogether, while losing 28 and drawing 8.

STRATEGY—Forreton coach Bob Brinkmeier (with clipboard) discusses plans with lettermen (front, left to right), Mike McDonald, Marv Hayenga, Carroll Gillingham. Back row includes lettermen Ted Johnson and Ralph Coffman, coaches Art Carpenter and Rusty Egan.

Braves' Pitching Starts to Collapse

Cardinals Keep Flag Hopes Alive; Smash Leaders, 10-1

By ED WILKS
The Associated Press

Can another pitching collapse again detour Milwaukee's steam-roller off Pennant Drive into Nightmare Alley?

Remember 1956: The Braves took the lead in July behind right-handers Lew Burdette and Bob Buhl and southpaw Warren Spahn.

But after Labor Day, when Milwaukee ran its winning streak to six for a 3½-game lead, Buhl won only two games and Burdette one. The pair pitched only one complete game between them.

The Braves lost 12 of 23 and Brooklyn took the flag by a game.

So what? So the St. Louis Cardinals put the rap on Milwaukee 10-1 Thursday night, sweeping a two-game set and trimming the Braves' lead to 6½ games—with Burdette failing to go the distance for the fourth consecutive time.

With Buhl sidelined at least until this weekend with a sore shoulder, and Gene Conley an added starter this year stopped winless in six straight starts, the Braves' staff has managed only six complete games in the last 22.

While St. Louis brought the fight to the Braves, third place Brooklyn stayed alive with a 3-1 victory at Philadelphia. The Dodgers trail by eight.

Yanks Rally, Win

In the American League, the New York Yankees rallied and beat Boston 5-2, reclaiming a 5½-game spread over idle Chicago.

Chuck Stobbs blanked Baltimore on three hits for a 3-0 Washington victory in the only other AL game scheduled.

Brooklyn handed Robin Roberts his 19th defeat—the most he ever has lost at Philadelphia; and the Pittsburgh Pirates trimmed the New York Giants again, 4-2.

The Cincinnati Redlegs defeated the Cubs 4-1.

The Cardinals, faced with an almost impossible task in pursuit of the Braves with only 21 games remaining, breezed in behind the four-hit pitching of Sam Jones. The big righthander fanned six and walked only one while winning his 11th.

The Red Birds, who came from 8½ games behind once before this season, but needed 27 games to do it, got rolling with three in the fifth that chased Burdette to an eighth defeat.

Tag Roberts

The Dodgers tagged Roberts early on RBI doubles by Rube Walker and Carl Furillo while Carl Erskine, the 30-year-old righthander no one wanted when he was put on the waiver list, set down the Phils on one hit for seven frames in his first start since July 21.

Relief pitcher Bob Grim, of all people, got the job done for the Yankees, swatting a three-run homer in the ninth—his second in the majors and his first hit in eight at bats this year. Willard Nixon, blanking the champs on three hits until he walked three and gave up Gil McDougald's two-

New highways may keep future industries away from your community!

Sounds odd, doesn't it, that new highways may hurt your community? Yet just that has befallen certain unhappy cities.

New highways often parallel railroads. If the highway hugs the railroad too closely, the best plant sites are blocked off from the rail transport most industries must have.

When that happens, away goes the prospect of better times, of more jobs and more payrolls to be spent in your community. And lost, too, is a new taxpayer to share your tax burdens.

A little planning can avert this potential disaster. When highways are being routed, be sure an ample strip of land runs between railroad and highway. Then you can offer industry the choicest sites with ready access to both rail and highway transportation.

Is such foresight worthwhile? In the past decade, the Illinois Central has located more than a thousand new industries along its lines. The next decade ought to beat this record. Your community should be prepared to share in Mid-America's growth.

DETROIT (P)—Sure he can explain why his monkey bit a policeman, said Edward Osowski. "He just doesn't like uniforms," said Osowski, appearing in answer to a charge he was harboring a vicious animal.

Traffic Referee Oscar A. Riopelle acquitted Osowski.

Just Hungry!

ZANESVILLE, Ohio (P)—A 240-pound retired glass worker polished off five 14-inch pepperoni pizzas Thursday to win the pizza pie eating championship of south-eastern Ohio. John Scarpella won \$25 and his fill of pizzas in the contest conducted by the Sons of Italy here.

Men Equal to Women? Hal Says They're Still Behind

By HAL BOYLE
NEW YORK (P)—Will men be equal to women?
That is the greatest sex drama in America during the 20th century.
Male optimists see many signs to indicate that man's long struggle for equal rights will have a hopeful outcome.
Slowly and artfully men have

lured women into the pursuit of many prerogatives while they themselves have steadily infiltrated in the opposite direction and begun to share in privileges formerly enjoyed only by women.
As a result the superficial differences between the sexes has narrowed to a point where a psychologist observed this week:
"A new cultural pattern is

emerging in which hardly any activity or attitude is 'exclusively masculine' nor 'exclusively feminine' anymore."
Each sex is trading the other sex its own particular pleasures and duties.
Today's wife can talk baseball and politics, likes to fish, yearns to go on a safari to Africa, hates to sew on buttons. But so does today's husband.
"Doesn't all this prove that men are at last equal to women?" asks the boyish optimist.
No, indeed.
Man has always enjoyed more muscle, brains, charm and char-

acter than woman. But woman has an inner resource that has always carried her to the top in the past and probably always will.
Some call this resource woman's "sixth sense." It isn't actually a sense at all, and doesn't really make sense.
Woman's natural superiority consists only in this: The blind laws of chance bear inexorably down on man but chivalrously spare her. Woman is born lucky. Man isn't. That's all there is to it.
Fifty men and one woman, all desperately anxious to get to the railroad station to catch a train, will step into a crowded street on a snowy day. One cab will loom out of the flying flakes, and the woman will get it—by pure chance, not through the gallantry of the cab driver. She will catch her train. The fifty men will miss theirs.
A man can go to a race track and wildly place his bets on the colors the jockeys are wearing and he will lose his shirt. A woman who does this will come home with enough of the track's money to buy a new outfit.
Men equal to women? Never, never, never—so long as the turning earth is ruled by blind chance, woman's secret weapon, instead of reason, man's broken sword.

Actress Dagmar Has Operation

NEW YORK (P)—Dagmar, blonde nightclub and television actress, underwent an operation for removal of an ectopic pregnancy in Presbyterian Hospital Thursday night, it was disclosed today.
Her condition was described as good.
A medical spokesman said the operation was performed because the pregnancy could have endangered her life.
The former Virginia Ruth Egnor is married to Danny Dayton, an actor. They have no children.

Catty Affair

HOUSTON, Tex. (P)—Television, a district judge ruled Thursday, is noisier than cats.
Judge Ewing Boyd refused to interfere with Mrs. James F. Brodie's hobby of raising cats.
He rejected a plea for a temporary injunction asked by Mrs. Brodie's neighbors. They said she harbored 80 or 90 cats and said they were smelly, noisy, unsightly and a violation of building restrictions.
Mrs. Brodie denied all this and said she and her children now own only seven adult cats and six kittens.
Boyd, in an oral ruling, compared cats to television and said, "At this time I can see no detriment to peace and good order in this neighborhood."
But, he warned Mrs. Brodie, the cats may cost her some friends.
